

Hwy 14 Stockton Hill, 2025

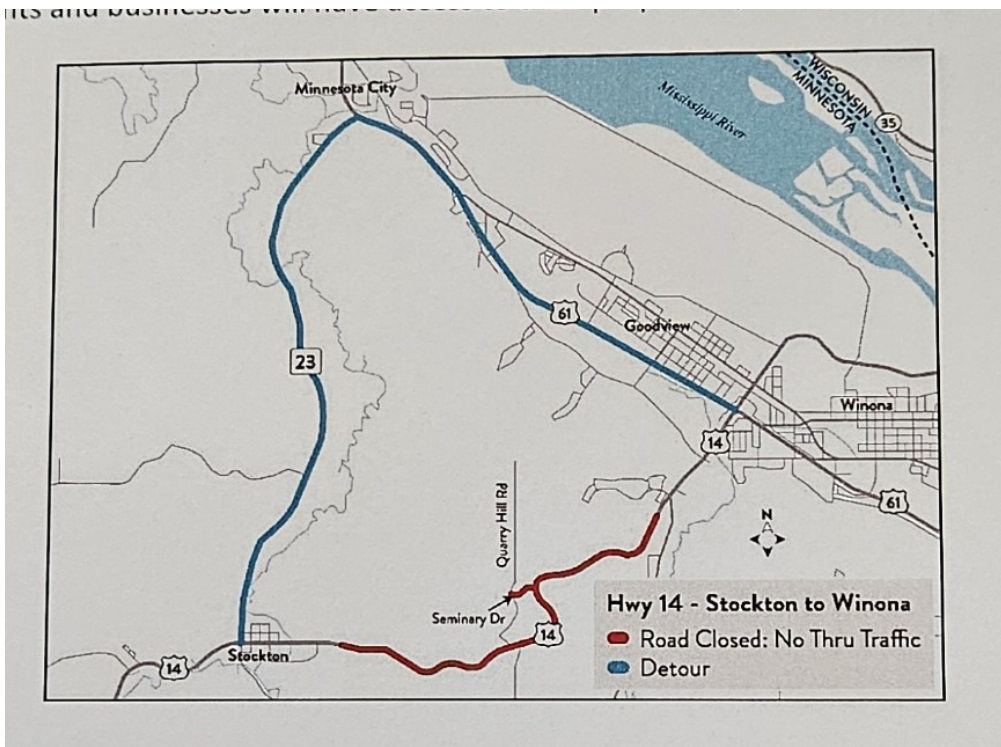

Hwy 14 Stockton drainage and slope repair

A MnDOT contractor will be repairing the Stockton Hill slope and improving drainage on Hwy 14. The shoulder of the road will be widened, and guardrail will be replaced.

Construction: June to November 2025

Detour:

- Hwy 14 will be closed to through traffic and detoured during the project, June to November.
- From the west, motorists will go north on Winona County 23 at Stockton to Hwy 61.
- Local residents and businesses will have access to their properties, but no through traffic allowed.

After Construction:

In 2026, the road will be repaved. No closures are expected during the 2026 work.
